No School Supplies Fundraiser This Year

In the past we have had a program where families could order school supplies through the BVPO. This is not going to happen this year. It is a huge job for volunteers, and as our school has grown it has become very difficult. It may be re-evaluated next year to see if we want to bring it back.

A Message from Our New Principal

Dear Buena Vista Parents,

The year-end is fast approaching. I am delighted to be coming on board as your new principal and I can't wait to get started!

You will probably see my car in the parking lot over the summer and you are always welcome to call for a time to chat and to introduce yourselves. I know we will have plenty of time to get to know one another next year.

I am fully dedicated to making sure that Buena Vista is a safe, welcoming and an *exceptional* place for success and learning. Our children deserve no less!

I hope you all have a wonderful summer!

Respectfully,

Melissa Ibarra, Incoming Principal
