

# **Hello school garden volunteers and friends!**

As you have noticed a lot is going on in the school garden.

- We have a 6 ft. steel fence.
- We have cameras to prevent vandalism.
- We are awaiting our gate to be installed by 4j.
- We have written 2 grants for shed/compost/greenhouse
- We have planted 800 starts.
- We are about to start our maintenance and harvesting system.
- We wanted you in the loop to find out how this will happen.

**Please read the pages below to learn more about how you can volunteer and our system of maintenance and harvesting.**

We will do an update quarterly at BVPO to keep folks in the loop and recruit new volunteers.

Please come out and see us each Monday from 2:30 PM - 3:00 PM- we will be harvesting, pulling weeds and doing general garden maintenance. Please sign up for you or your family to do 2 hours of garden work each month and receive a portion of our harvest.

We have a dedicated crew of volunteers working on grant writing, maintenance, harvesting, planting, volunteers, teacher/faculty liaison, long range project planning.

Please contact school garden committee to be a part of the fun!  
Thank you for supporting our school garden!
